RESEARCH PROFESSIONAL

Univerza v Ljubljani plačuje naročnino za Research Professional, informacijsko platformo, ki se ponaša z največjo bazo odprtih razpisov na svetu. V bazo je vključenih več kot 12.000 financerjev, ki dnevno objavijo več kot 350 razpisov za raziskovanje, razvoj, izobraževanje, raziskovalne infrastrukture, potne stroške, nagrade in druge z raziskovanjem povezane možnosti. Vsi raziskovalci, študentje in ostali zaposleni Univerze v Ljubljani imate brezplačno možnost uporabe omenjene platforme, preko katere si lahko nastavite svoje iskalne kriterije (znanstveno področje, tip dotacije, vir financiranja, rok prijave, višina financiranja itd.), ter iskalno nastavitve shranite. Tako lahko shranite neomejeno število iskanj in si nastavite možnost »ALERT«, s katero boste vsak petek prejeli tedensko svež elektronski izbor razpisov, ki ustrezajo vašim vnaprej nastavljenim iskalnim preferencam.

Spletna stran: <https://www.researchprofessional.com/>

Uporabnik se lahko registrira na naročniško verzijo programa samo iz računalnikov, ki so znotraj univerzitetnega omrežja. Preko gumba »REGISTER« (desno zgoraj) si izberete uporabniško ime in geslo. Če želite uporabljati program izven univerzitetnega računalniškega omrežja, morate biti registrirani, saj se vam pojavi samo možnost »SIGN IN«, ne pa »REGISTER«. V kolikor potrebujete dodatne informacije prosim sporočite na projekt@uni-lj.si.

NOVO: Omogočen tudi oddaljen dostop do Research Professional

Na platformo se povežete tako, da uporabite [povezavo](#) in nato se prijavite. Če naletite na težave pri dostopu do storitve, se obrnite na [podporo Research Professional](#).

PLATFORMA CROWDHELIX

Platforma CROWDHELIX je namenjena povezovanju akademskih institucij in podjetji pri oblikovanju kompetitivnih konzorcijev za pripravo projektov na razpise programa Obzorje Evropa. Na platformi, ki je razdeljena na različna tematska področja (helixes), lahko objavite svoje interese po sodelovanju ali pa poiščete že obstoječe iniciative oziroma konzorcije, ki iščejo partnerje z določeno ekspertizo. Trenutno je na platformi objavljenih 2503 priložnosti z več kot 14.100 uporabniki iz 740 aktivnih organizacij.

Univerza v Ljubljani plačuje letno članarino, zato se lahko raziskovalci in raziskovalke [UL registrirajo brezplačno](#).

Kratek pregled platforme in njenih funkcionalnosti:

- Iskanje partnerskih ponudb po tematskih področjih
- Povezovanje akademskih institucij s podjetji
- Iskanje drugih priložnosti za sodelovanje
- Objava in iskanje tematskih dogodkov
- [Izmenjava mnenj in priložnosti](#)

1 OBJAVLJENI RAZPISI

Horizon razpisi

Ostali razpisi

1.1.1 PQ-REACT Open Call #2: Implement	
	Spletna stran razpisa
Rok prijave:	2. 6. 2025
Opis:	The PQ-REACT project aims to design, build, and validate a framework for a quicker and more effortless shift from classical to post-quantum cryptography for various contexts and usage domains. Open Call #2 is designed to invite applicants who can develop and implement innovative solutions to address the specific challenges of PQ-REACT Use Cases in terms of PQC computational complexity and energy efficiency. PQ-REACT Open Call aims to attract and engage Startups, SMEs and RTOs with PQC solutions/applications. Proposals are expected to address innovative solutions for a variety of applications within the Use Cases described below, including IoTs, using PQC techniques. The proposals must fit within one of the following Use Cases: ·Use Case 1: Smart energy meters ·Use Case 2: 5G and 6G architectures ·Use Case 3: Context Agility Manager (PQC Benchmarking) ·Use Case 4: Eclipse-Qrisp for PQC.
Proračun:	MAX: 162.500 EUR

1.1.2 ERAC & ENDI grants for Oxford leadership programmes	
	Spletna stran razpisa

Rok prijave:	15. 6. 2025
Opis:	The WERA Task Force, thanks to the ERA Curatorium and the ENDI Foundation, supports the training of female professionals working in the nephrology field and future leaders by offering six grants to attend courses in Oxford: • three for the Women Transforming Leadership Programme • three for the Oxford Healthcare Leadership Programme
Proračun:	--

1.1.3 ESA Academy Student Sponsorship - Software Product Assurance Conference 2025

	Spletna stran razpisa
Rok prijave:	4. 7. 2025
Opis:	The ESA Education Office is pleased to sponsor of up to 3 tertiary education students to attend the Software Product Assurance Conference 2025, to be held between 22 – 25 September 2025 in Noordwijk, The Netherlands.
Proračun:	--

1.1.4 FISC-2025-EUTO - EU tax observatory

	Spletna stran razpisa
Rok prijave:	22. 8. 2025
Opis:	This is a call for proposals for EU action grants in the field of taxation under the Fiscalis programme. The general objective is to enhance research capacity and production related to specific taxation topics and, therefore, ensure the involvement of research institutions in the design and implementation of EU actions to fight the tax gap notably

	in relation to tax evasion, tax avoidance and aggressive tax planning and to promote fair taxation, as well as contributing to the design of tax systems that are well-functioning and efficient and deliver on competitiveness and on the tools to support policy priorities. The call covers two grants organised along the following broad themes: - FISC-2025-EUTO-GAP (hereafter EUTO-GAP): working on fighting against the tax gap, including tax evasion, fraud and crime, tax avoidance and aggressive tax planning, while also promoting fairness through better tax policy design; - FISC-2025-EUTO-COMP (hereafter EUTO-COMP): working on wellfunctioning, efficient tax systems that support competitiveness, including through VAT policy, and developing tax tools that support broader policy priorities including the clean transition and behavioural taxation.
Proračun:	MAX: 2.200.000 EUR

1.1.5 Interregional Innovation Investments Strand 2a (I3-2025-INV2a)

	Spletna stran razpisa
Rok prijave:	13. 11. 2025
Opis:	Strand 2a of the I3 Instrument focuses on reinforcing the integration of innovation actors from less developed regions and transition regions in developing EU value chains while creating local opportunities for innovation and smart economic transformation in regions with shared (or complementary) smart specialisation areas. The objective of the I3 Instrument Strand 2a call for proposals is to support interregional innovation investments by offering consortia of innovation actors from the quadruple helix ecosystems the necessary financial and advisory support to bring their innovations to a more mature level, ready for scale-up and commercialisation. The call specifically aims at reducing the innovation divide in Europe, with a strong cohesion policy focus on integrating less developed and transition regions into European value chains. The focus is on technology transfer and highly specialised advisory support for the implementation of experiments and demonstration cases in companies. Participation of innovation actors is based on shared or complementary innovation priorities, as defined in their

	regional and/or national smart specialisation strategies. Projects shall show a balanced participation of regions with varying levels of development and innovation performance.
Proračun:	--

1.1.6 Interregional Innovation Investments Strand 1 (I3-2025-INV1)

	Spletna stran razpisa
Rok prijave:	13. 11. 2025
Opis:	Strand 1 of the I3 Instrument seeks to increase the competitiveness and the resilience of EU value chains on the basis of interregional cooperation and shared smart specialisation areas. The objective of the I3 Instrument Strand 1 call for proposals is to support interregional innovation investments by offering consortia of innovation actors from the quadruple helix ecosystems the necessary financial and advisory support to bring their innovations to a mature level, ready for commercialisation and scale-up, while bridging and reducing the innovation divide in Europe with a strong cohesion policy focus of integrating all regions and in particular the less developed regions into European value chains. Thereby, applications under this call seek to facilitate: • the development of already existing or the creation of new interregional and cross-border value chains and a better connection between regional innovation ecosystems; • the collaboration between innovation actors, especially SMEs, from less developed regions and innovation actors, especially SMEs, from more developed regions, contributing to cohesion policy objectives; • the support of innovation actors with investment ideas that are ready to be developed into mature business cases; • the identification of new regional technological domains and market opportunities with the EU priorities and bridging the gap between the supply and demand sides to help innovation ecosystems overcome market failures.
Proračun:	--

1.1.7 TENDER - Services to design, develop, and delivery of e-learning in the field of pharmaceutical quality assessment, clinical and non clinical assessment	
	Spletna stran razpisa
Rok prijave:	10. 6. 2025
Opis:	The purpose of this call for tenders is to provide the European Medicines Agency with learning services in the form of training curriculum and e-learning courses development to strengthen the scientific and regulatory capacity and capability of juniors assessors on the African continent. The curriculum and its associated e-learning courses are intended for junior assessors working at National Regulatory Authorities in the African continent. The services to be provided must include at least: • developing a training curriculum to document the learning objectives and competencies required per the topic of each lot; • developing e-learning courses required to fulfil the competencies described in the curriculum; • producing e-learning material, in particular self learning training material In view of the different expertise and training areas required, the procedure is divided in 3 lots as follows: • Lot 1: design, develop, and deliver e-learning in pharmaceutical quality assessment, • Lot 2: design, develop, and deliver e-learning in clinical assessment, • Lot 3: design, develop, and deliver e-learning in non-clinical assessment. E-learning must be produced in English, French and Portuguese.
Proračun:	MAX: 400.000 EUR

1.1.8 TENDER - Digital Transformation Accelerator Phase II

	Spletna stran razpisa
Rok prijave:	17. 6. 2025
Opis:	The objective of the DTA is the provisioning of services to the European Commission which will benefit the network of European Digital Innovation Hubs (EDIHs) and other stakeholders. The subject of this call for tenders is the second stage of the Digital Transformation Accelerator (DTA) for the network of EDIHs. Now that the network of EDIHs has been established and launched, it will support the full deployment of an effective and efficient network of EDIHs, with the core objective to accelerate the digitalization and the uptake of Artificial Intelligence by European companies and public administration and to serve as a one-stop shop, enabling organizations to access various elements of the European Artificial Intelligence ecosystem based on their specific needs.
Proračun:	MAX: 4.000.000 EUR

1.1.9 TENDER - "Rethinking Territories within Planetary Boundaries [TERRBOUND]"

	Spletna stran razpisa
Rok prijave:	19. 6. 2025
Opis:	The objective of this European Research Project is to develop actionable insights and strategies for aligning territorial development with the Planetary Boundaries framework. By integrating Nature based Solutions, circular economy models and innovative governance mechanisms, the project seeks to help enable regions and territories across Europe to adapt to and mitigate climate change while preserving ecological integrity and societal wellbeing.
Proračun:	--

1.1.10 TENDER - Study on market surveillance of products with embedded software

	Spletna stran razpisa
Rok prijave:	7. 7. 2025
Opis:	This open call for tenders aims at developing a study on market surveillance of products with embedded software that are placed and available on the EU market. The general objective of the study is to ensure that products with embedded software on the EU market are safe and compliant with applicable legislation. Its specific objective is to develop a robust inspection methodology for Market Surveillance Authorities (MSAs) that takes into account European legislation (and in particular the legal obligations of manufacturers of products with embedded software), and the risks inherent to these types of products. This action will strengthen the operational market surveillance capacities of MSAs, and foster their collaboration and knowledge-sharing.
Proračun:	MAX: 289.880 EUR

1.1.11 TENDER - Trade Sustainability Impact Assessment (SIA) in support of Free Trade Agreement (FTA) negotiations between the European Union and the Gulf Cooperation Council countries

	Spletna stran razpisa
Rok prijave:	--
Opis:	The DG TRADE- specific tool Sustainability Impact Assessment (SIA) is an ex-ante analysis of the potential economic, social and environmental impacts as well as human rights impacts of a trade negotiation in order to facilitate a better policy mix and coherence between the objective of trade liberalisation and the EU policy objective of sustainable development and respect for human rights. This SIA would cover Free Trade Agreement (FTA) negotiations

	between the European Union and the Gulf Cooperation Countries (Bahrain, KSA, Kuwait, Oman, Qatar and UAE). This will feed information into and help steer the negotiations, help identify trade-offs and ensure that the related policy choices are optimised.
Proračun:	MAX: 500.000 EUR

2 NOVICE

2.1 Vzpostavljeno je novo vozlišče za modeliranje na področju jedrske industrije

Skupno raziskovalno središče (JRC) pri Evropski komisiji je vzpostavilo novo vozlišče za modeliranje na področju jedrske industrije. Namen vozlišča je pomagati evropski jedrski industriji pri razvoju in uporabi aplikacij, kot so mali modularni reaktorji, ki lahko prispevajo k razogljičenju gospodarstva EU, zlasti v težki industriji. Vozlišče je tudi orodje za oblikovalce politik, saj deluje kot centralizirana platforma za podporo oblikovanju in ocenjevanju evropskih politik na stičišču energije, okolja in gospodarstva.

2.2 Norveška univerza išče partnerje za prijavo na razpise programa Obzorje Evropa

Raziskovalci na Norveški univerzi za znanost in tehnologijo (NTNU) iščejo partnerje, ki pripravljajo vrhunske projekte na različnih področjih za prijavo na razpise programa Obzorje Evropa. S tem namenom so na NTNU pripravili brošure, v katerih so predstavljene prednosti raziskovalcev NTNU na temo šestih grozdov v okviru stebra II programa Obzorje Evropa. Vsaka od brošur omogoča takojšnjo identifikacijo profesorjev NTNU, ki jih zanima sodelovanje v projektih EU. Člani lahko dobijo več informacij tudi na SBRA.

Več: [Brošure](#)

2.3 Forum za povezovanje raziskovalcev na področju napredne biotehnologije med Korejo in EU

Korejsko raziskovalno središče EU (KEREC) do 31. maja zbira prijave raziskovalcev za udeležbo na Forumu za povezovanje raziskovalcev na področju napredne biotehnologije v okviru programa Obzorje Evropa. Forum bo v Bruslju med 1. in 3. julijem. Na dogodku bo sodelovalo 12 raziskovalcev iz Koreje in 24 raziskovalcev iz evropskih držav (vključno s pridruženimi državami), ki bodo izmenjali znanje, raziskali skupne raziskovalne priložnosti in vzpostavili trajne mednarodne mreže. Poleg 36 izbranih raziskovalcev, ki bodo nastopili kot govorniki, se bodo foruma lahko udeležili tudi drugi raziskovalci, predstavniki nacionalnih kontaktnih točk, svetovalci, uradniki. Člani lahko dobijo več informacij na SBRA.

Več: [Vabilo](#)

2.4 Objavljen je razpis za zbiranje predlogov projektov za raziskave raka

Evropska komisija je na podlagi programa Obzorje Evropa objavila razpis HORIZON-MISS-2025-CANCER-02 za raziskave raka v podporo misiji EU o raku. Razdeljen je na šest tematskih sklopov. Predloge projektov je treba poslati do 16. septembra. Člani lahko dobijo več informacij na SBRA.

Več: [Razpis](#)

2.5 EIT je objavil dva vodnika skupnosti znanja (KIC)

Evropski inštitut za inovacije in tehnologijo (EIT) je objavil vodnik skupnosti znanja in inovacij 2025 (EIT KICs Innovation Guide 2025) in vodnik skupnosti znanja in inovacij za ustanavljanje podjetij (EIT KICs Business Creation Guide 2025). V obeh publikacijah delijo zgodbe o uspehu, prikazujejo nagrade, opisujejo prihodnje napovedi in predstavljajo tudi dejavnosti sodelovanja med skupnostmi znanja in inovacij (KIC).

Več: [Vodnika](#)

2.6 Objavljen je posnetek informativnega dneva o razpisu grozda 4 programa Obzorje Evropa

Evropska komisija je objavila posnetek informativnega dneva o razpisih grozda 4 programa Obzorje Evropa, ki vključuje teme Digitalizacija, Industrija in Vesolje.

Več: [Posnetek](#)

2.7 Sprejet je program dela Skupnega raziskovalnega središča (JRC) 2025-27

Evropska komisija je sprejela program dela Skupnega raziskovalnega središča (JRC) 2025-27 v katerem je opisano, kako bodo raziskovalci JRC v naslednjih treh letih podpirali oblikovanje politik EU.

Več: [Sporočilo Evropske komisije](#)

2.8 Zelena znanja in spretnosti so ključnega pomena za uresničitev dvojnega prehoda EU

Na izredni seji predsedstva Evropskega ekonomsko-socialnega odbora (EESO) so poudarili pomen spretnosti, izobraževanja in vseživljenjskega učenja za uspešno izvedbo zelenega in digitalnega prehoda v EU. Predsedstvo EESO je na seji, namenjeni pripravam na prihodnje dansko predsedovanje Svetu EU, izmenjalo mnenja s predstavniki danske konfederacije delodajalcev in sindikatov ter danskega sveta žensk o zelenih veščinah in

vseživljenjskem učenju. Posebna pozornost je bila namenjena danskemu sistemu dualnega usposabljanja.
